PRODUCT VARIATIONS

This policy applies to Jefferson Health Plans Medicaid & CHIP product lines.

Application of Claim Payment Policy is determined by benefits and contracts. Benefits may vary based on product line, group, or contract. Payment may vary based on individual contract.

POLICY STATEMENT

Professional Telehealth Services are covered and eligible for reimbursement when all the following requirements are met:

- The service is medically necessary and is delivered using any of the following types of communication:
 - Telehealth visit.
 - Telephone based evaluations.
- The member seeking medical care is present at the time of service (i.e., real-time interaction between the member and the healthcare provider).
- Service must be rendered by Jefferson Health Plan Physicians (PCP or Specialist), Nurse Practitioners (NP's), Certified Registered Nurse Anesthetists (CRNA), Physician Assistants (PA's), Registered dietitians, Nurse -midwives, Clinical Nurse specialist.

Virtual check-ins and E-visits are not eligible for reimbursement consideration.

Jefferson Health Plans follows the guidelines listed below for telehealth/telemedicine services.

**For telehealth visits (synchronous interactive audio and video telecommunications system) providers must report the appropriate Evaluation & Management (E&M) procedure code that would have applied had the service been provided in the office. In addition, providers must use the appropriate telehealth modifier, 95, GT. These types of visits shall be reimbursed in accordance with the provider's contract, Health Partners Plans fee schedules and the member's benefit plan.*

Urgent Care Centers (UCC's) are NOT eligible to receive payment for their case rate code (S9083) when Professional Telehealth Services are performed.

If an UCC submits a claim with their case rate code when a service is rendered via telehealth, the claim will be denied.

Only services rendered in person and face to face are eligible for case rate payment (S9083).

UCC's are eligible for payment of Professional Telehealth Services if the policy criteria are met, and the above Telehealth Visit procedure codes are explicitly included in the provider's contract with Jefferson Health Plans.

Federally Qualified Health Centers (FQHC's) are eligible to receive payment for their case rate code (T1015) when performed in person or virtually through synchronous interactive audio and video telecommunication systems.

T1015 must be reported with POS 02, 10 or 50 and modifiers GT or 95.

FQHC's are not eligible to receive payment for telehealth visit codes 99202-99205, 99212-99215, G0425-G0427 and G0406-G0408.

FQHC's are eligible to receive payment for telephone-based evaluations (99441-99443, 98966-98968). When a FQHC performs a telephone-based evaluation but bills for telephone-based evaluations (99441-99443, 98966-98968) **and** their case rate code (T1015), the FQHC will only be reimbursed for the telephone-based evaluation.

POLICY GUIDELINES

1. Professional Telehealth Services would typically NOT occur more than once per week for the same episode of care. Providers may be subject to an audit if increased frequency occurs.
2. Authorization is not required for Professional Telehealth Services alone.
3. Providers are expected to report the most appropriate Current Procedural Terminology (CPT®), or Healthcare Common Procedure Coding System (HCPCS) code and applicable modifier for Professional Telehealth Services provided.

4. Telephone codes 99441-99443, 98966-98968 should not be reported when originating from a related E/M service provided within the past seven days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment. Telephone call codes should not be reported for postop visits.
5. Telephone services may only be utilized in situations where synchronous interactive audio and video telecommunications is not available for the member.
6. Payment of Professional Telehealth Services may be impacted by CCI edits.
7. For providers paid on a capitation basis, services delivered through telehealth are considered included in capitation and are not separately payable.
8. Jefferson Health Plan reserves the right to audit Professional Telehealth Services to evaluate:
 - a. Compliance with this policy or related state and federal regulations
 - b. Effectiveness and impact to our members
 - c. Quality of care
9. Nurse Practitioners (NP's), Certified Registered Nurse Anesthetists (CRNA) Physician Assistants (PA's), Registered dietitians, Nurse -midwives, & Clinical Nurse specialist are required to perform services within the scope of their license.
10. Professional Telehealth Services do not include text messages.
11. Providers must fully document services rendered and identify the telecommunication technology used in the patient's medical record.
12. When providers bill for Professional Telehealth Services in hospital-based clinics, they are not eligible for payment of facility fee component.

CODING

Note: The Current Procedural Terminology (CPT®), Healthcare Common Procedure Coding System (HCPCS), and the 10th revision of the International Statistical Classification of Diseases and Related Health Problems (ICD-10) codes that may be listed in this policy are for reference purposes only. Listing of a code in this policy does not imply that the service is covered and is not a guarantee of payment. Other policies and coverage guidelines may apply. When reporting services, providers/facilities should code to the highest level of specificity using the code that was in effect on the date the service was rendered. This list may not be all inclusive.

BENEFIT APPLICATION

This Reimbursement Policy does not constitute a description of benefits. Rather, this assists in the administration of the member's benefits which may vary by line of business. Applicable benefit documents govern which services/items are eligible for coverage, subject to benefit limits, or excluded completely from coverage.

DESCRIPTION OF SERVICES

- **E-Visits:** An established patient-initiated non-face-to-face communication through an online patient portal.
- **Interactive telecommunications system:** Multimedia communications equipment that includes, at a minimum, audio and video equipment permitting two-way, real time interactive communication between the patient and distant site physician or practitioner. Telephones, facsimile machines, and electronic mail systems do not meet the definition of an interactive telecommunications system.
- **Professional Telehealth Services:** Services performed by professional providers using technology to evaluate and communicate with members are limited to telehealth visits, virtual check-ins, telephone based-evaluations, and e-visits.
- **Synchronous interaction:** A real-time interaction between a patient and a health care provider located at a distant site.
- **Telehealth Visits:** A visit with a provider that uses synchronous interactive audio and video telecommunications system.
- **Telephone-based evaluations:** Telephone services are non-face-to-face encounters originating from the established patient for evaluation or management of a problem provided by a qualified clinician.
- **Virtual check-ins:** A brief (5-10-minute) check-in with a provider via telephone or other telecommunications device to determine whether an office visit or other service is needed for an established patient. A remote evaluation of recorded video and/or images submitted by an established patient.
