Jefferson Health Plans rules surrounding prior authorization for newborns:

- For any newborn detained after their mother is discharged, prior authorization is required for claim payment consideration. Lack of prior authorization will result in a claim denial.
- For any newborn that requires an admission to the NICU, an approved authorization is required for claim payment. Lack of prior authorization will result in claim denial.
- Any newborn transferred to a different facility for treatment requires prior authorization for claim payment consideration.

### POLICY GUIDELINES

A newborn is required to have its own state issued ID# which is required for claims submission.

### CODING
